

Hare & Hound

A treasure hunt game to make your gifts valuable.

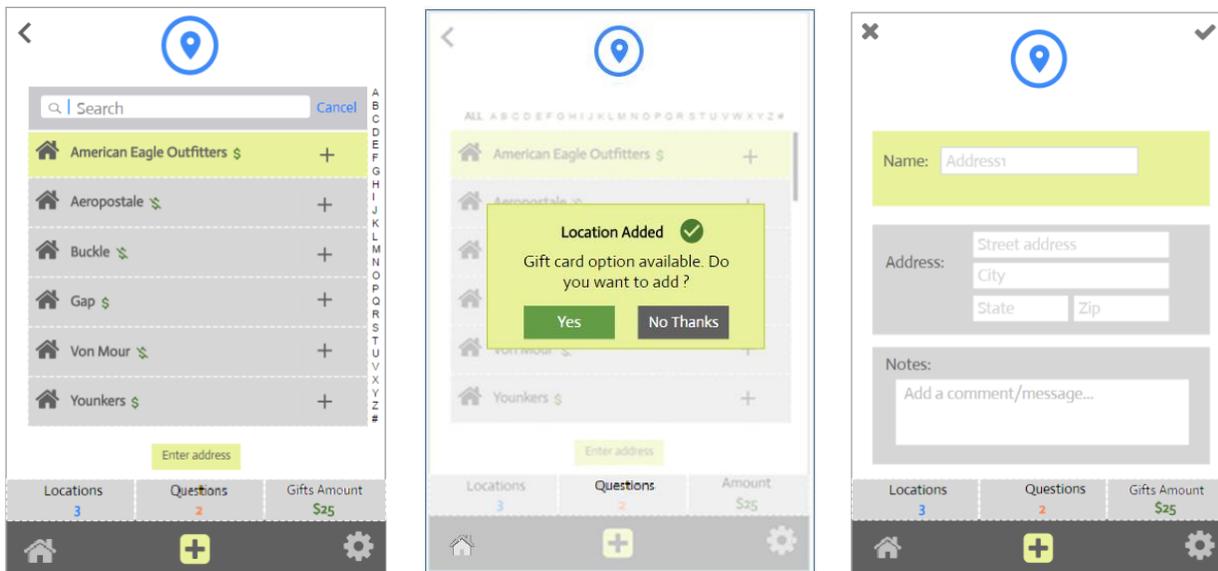

This idea of Hare & hound is to make treasure hunt a way of gifting for any occasion. Target audience would be to let kids or Adults play a treasure hunt in a mall or few locations based on the hints to get their gifts. A more fun way to gift for special Occasions. App allows to add Locations, Hints and gift cards to make personal touch matter.

Add Location: Starting with Zip code which leads to list of Malls around the City/Zip Code. Once a Mall is selected, app will list the stores within the Mall.

Further Suggestions are made if a Gift Card option is available for a particular partner that the App is working with. In case user wants to add a Custom Location, App will allow that too as shown in the last image of this page.

Add Hint: Hints will allow user towards solving the treasure hunt and towards their gift.

This screenshot shows the initial state of the 'Add Hint' screen. At the top, there is a close button (X), a lightbulb icon, and a checkmark. Below this is a yellow highlighted 'Question:' field with the placeholder text 'Enter your question'. Underneath is an 'Answer type:' section with four radio button options: Text, Number, Date, and Yes/No. A large text input field for the answer is labeled 'Answer: Type your answer...'. At the bottom, a status bar shows 'Locations 3', 'Questions 2', and 'Gifts Amount \$25'. The navigation bar at the very bottom contains a home icon, a plus sign, and a settings gear.

This screenshot shows the app after a question has been added. The 'Question:' field now contains the text 'what is my middle name?'. The 'Answer type:' section has the 'Text' radio button selected. The 'Answer:' field still contains the placeholder 'Type your answer...'. The status bar at the bottom now shows 'Questions 2' and 'Gifts Amount \$25', indicating that the question has been successfully added to the list.

This screenshot shows the app with a question added and a calendar view displayed. The 'Question:' field contains 'When did I graduate from school'. The 'Answer type:' section has the 'Date' radio button selected. Below the answer field, a calendar table is shown with the following data:

Sun 4 Apr	14	57
Mon 5 Apr	15	58
Tue 6 Apr	16	59
Wed 7 Apr	17	00
Thu 8 Apr	18	01
Fri 9 Apr	19	02
Sat 10 Apr	20	03

The status bar at the bottom shows 'Locations 3', 'Questions 2', and 'Gifts Amount \$25'.

This screenshot shows the app with a question added and a hint provided. The 'Question:' field contains 'What is my fav color?'. The 'Answer type:' section has the 'Text' radio button selected. A yellow highlighted box with a green checkmark and the text 'Hint Added' is overlaid on the 'Answer:' field, which contains the text 'Red'. The status bar at the bottom shows 'Questions 2' and 'Amount \$25'.

Add Gift Card: Gift card can either be added via the selected store or directly with the third icon from the Home Page. These gift cards are the revenue opportunities for this app and would be based on the negotiated price with the partners participating in the offers. More sales for them, more margin for us.

Store: store name

Enter Amount: \$0.00

Notes:
Add a comment/message...
